01 Profile

Video creative with **20 years** in production, now owning an end-to-end **AI-directed video pipeline** built on Claude Code. Background spans global advertising for **Coca-Cola, Fanta, Sprite, Philip Morris, C&A and Bumble** and broadcast football analysis for national teams. Since January 2026 I have turned a template-based video department into a system that shipped a World Cup 2026 campaign of **53 broadcast-ready assets** as a one-person delivery, with **zero filming or crews**.

AI Video Lead

Logifuture · iGaming & sports betting · bet9ja, BetBoom

- **World Cup 2026 hero TVC** "We Are The Home of World Cup 2026" — **14M+ views on YouTube**, fully AI-generated footage (Nano Banana 2, Seedance 2.0, ElevenLabs, Suno, After Effects).
- **53 broadcast-ready assets** in **18 aspect ratios** from one master — 4 TVC masters (DStv / SuperSport / MNET), **16 DOOH billboards** across Nigeria, 25 retail and social outputs. **53/53 passed QC**.
- **"Now & Forever" always-on TVC** — storyboarded three script routes and the pitch, then produced the approved 30s route.
- **Social follower-growth campaign** on 4 platforms — 15s master and 10s cutdown per platform, a 30s app spot with a **3D phone built in Blender**, and a Madrid-derby parody concept.
- **Short- and long-form editing** for YouTube, TikTok, Instagram and Facebook, plus **After Effects match-preview templates** for UCL and league fixtures; turnaround from **one month to two weeks**.
- Built an **AI-directed pipeline orchestrated by Claude Code** — custom skills and MCP connectors (Adobe, Higgsfield, Blender) that automate reframing, exports and QC; training the wider team on it.
- Created **"The Oracle of the Pitch"**, the company's first **AI brand influencer**, and fully AI-generated broadcast footage for the Itauma campaign.
